The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Opportunities for Parental Involvement (School Year 2009-10)

This section provides information about opportunities for parents to become involved with school activities.

The school and parents share the responsibility of educating children. The school is responsible to support and involve parents at all grade levels by promoting parenting skills and home educating techniques. It is important to have two-way communication between the school and the home about school programs and student's progress, and instructional and support roles for parents at school. Parents are invited to participate in a variety of school activities such as volunteering within the school and joining Parent Teacher Association (PTA). Parents are invited to attend many annual events that focus on the status of the curriculum in classrooms. Parents may volunteer in many different ways. They may help in their child's classroom by working with individuals or small groups of students. They might help the teacher by doing clerical work at home.

Currently, Barrel Springs has an active PTA that plans a variety of activities throughout the year. Money made from the fundraisers is allocated to the classrooms in the form of fieldtrips and classroom supplies, and the Bulldog store. PTA also publishes a newsletter that keeps parents informed of school activities.

The School Site Council is an elected committee of five parents, three teachers, the secretary and the principal. The purpose of this committee is to review and assess the effectiveness of the Barrel Springs School Accountability Plan. SSC meetings are held on the fourth Thursday of each month. All parents and community members are encouraged to attend. The English Learner Advisory Committee meets on the third or fourth Thursday of each month. The role of this committee is to advise the staff and administration on programs and services for English Learning Students. All parents and community members are welcome to attend the ELAC meetings. The Parent Teacher Association is involved in school activities. The PTA engages in many fundraising activities. Regular meetings are held on the third Tuesday of each month. Parent DELAC Workshops presented by Palmdale School District are offered at Pueblo Learning Center on the third Wednesday of each month. Barrel Springs School currently has a Parent Involvement Program to provide parents with training in order to become more actively involved in the school.

Barrel Springs School considers the safety of all children and adults of extreme importance. A staff committee has developed a comprehensive disaster preparedness plan that calls for regularly scheduled drills. #### School Facility Conditions and Planned Improvements (School Year 2010-11)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

Barrel Springs celebrated the grand opening of the new facility in September of 2005. The architecture of the building reflects strength and longevity that stands high for all to see. It houses 35 classrooms, library, computer lab, 8 work rooms and a modern multipurpose/cafeteria that is admired by all visitors. The multipurpose/cafeteria is used for many activities and includes a stage setting. To the side of the cafeteria is a covered patio that children enjoy during pleasant days. During recess children spend time on the large playground equipment that supports various physical activities. Teachers and staff make every effort to keep students safe on school grounds before, during, and after the school day. We take pride in keeping our school grounds and buildings clean on a regular basis. It is our policy to maintain our classrooms and restrooms in a clean and orderly manner on a daily basis with the support of the day and evening custodial staff. Our staff monitors the hallways and restrooms on a regular basis. The district policy is to make necessary repairs as quickly as possible to keep the facilities in a safe and working condition. A work order process is in place to assist in providing these services.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA for grades three through eight and science in grades five and eight and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>.

*Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2007	2008	2009
Statewide	4	6	6
Similar Schools	4	8	8

### Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2009-10)

### Federal Intervention Program (School Year 2010-11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

## XI. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Teachers meet frequently within and across grade levels in lesson study and grade specific institutes to plan and discuss what they are doing and how to coordinate instruction. A teacher survey is taken at the end of the school year that guides site professional development and in-service selection decisions. Student data is also used to determine professional development offerings. Sites design specific professional development based on academic content standards, the California Standards for the Teaching Profession, and research-based practices.

Educational Services, Special Education, English Learners, Student Assessment and Accountability, and Teacher Support departments participate in the planning and implementation of District staff development activities. Courses are offered throughout the year on week nights and Saturdays.

Trainings are also offered during the summer months on content specific and professional areas such as SIOP, Teacher Leaders, English Language Arts, mathematics workshops, unpacking standards, and intervention programs. Administration training focuses on the development of learning communities.

Conference and convention attendance, in-service meetings and staff collaboration offers additional opportunities for professional growth. Teachers observe other professionals, engage in peer coaching and work with mentors and grade level or departmental colleagues.
