THE PLATINUM STANDARD AMONG INDUCTION PROGRAMS

PROGRAM OVERVIEW

ACSA is proud to serve new leaders in the longest running coaching-based Clear Administrative Services Credential program in the state. Through targeted coaching and timely and ongoing professional development, participants build capacity to develop positive and collaborative school cultures. This program is designed to support and accelerate school leader practice to positively impact student learning.

As of July 1, 2015, the new Clear Induction Standards and California Commission on Teacher Credentialing approved programs went into effect. All new administrators are required to enroll in a CTC approved clear induction program within one year of receiving the Preliminary Administrative Credential. Candidates participating in this program will receive the highest quality professional development aligned to the California Professional Standards for Education Leaders.

Participants within the ACSA Clear Administrative Services Program are required to complete 20 hours of professional development, in addition to on-site coaching. Professional learning opportunities are based on credential candidate's unique context and job-responsibilities and are determined by the credential candidate and leadership coach. Twelve hours of PSD Leadership Development Academies will be provided as well as online professional development options.

PROFESSIONAL DEVELOPMENT
