

SAGE Academy: Space and Aeronautics – Gateway to Exploration is located in the heart of Palmdale. Drawing on the Antelope Valley’s rich history in Space and Aeronautics exploration SAGE is a STEAM Academy for 6th, 7th, and 8th grade students focusing on Science, Technology, Engineering, Art, and Math.

Our goal is to prepare students for success in high school and beyond by ensuring they are taught by highly qualified teachers and have access to the latest technology and curriculum. Research-based instruction will include hands-on activities, student collaboration, and project-based learning. To ensure our students have a well-rounded middle school experience, students will also have courses in the Arts such as music and art classes along with thematic units.

All students will be enrolled in English, Math, Science, Social Science, and Physical Education courses along with two elective courses of their choice. Students may choose:

ASB / Leadership

Art

AVID

Band

Journalism – Newspaper

Journalism – Yearbook

Civil Air Patrol

Lego Robotics

Project Lead the Way – Engineering and Design

Paxton Patterson STEM Lab

Aviation and Flight

Speech and Communications

Teachers and students will have opportunities to collaborate with STEM partners from the Federal Aviation Administration (FAA) and the Hypersonic Combined Test Force Wing at Edwards Air Force Base, NASA, the Neil Armstrong Research Center, and Lockheed Martin. Students will also participate in field trips to aerospace related work places and museums: California Science Center, NASA, Edwards Air Force Base, Lockheed Martin, and Boeing as well as the numerous Art museums in Los Angeles.
