2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Vision: Palmdale School District and Mesquite Elementary School will be recognized regionally as the finest educational organization, offering innovative, academic choices and opportunities for success in the 21st century.

Mission: Mesquite staff and students will celebrate the power of learning through academic and social excellence in school and life.

Instructional Focus (Vision): All students will read and comprehend grade-level text.

Instructional Focus (Mission): Equip and empower all students with the skills they need to effectively read, analyze, evaluate, and utilize complex grade-level sources (close and analytical reading across all content areas).

Mesquite Elementary School serves students in grades TK-5 and has a current enrollment of approximately 656 students. Mesquite is located in the high desert area of Palmdale, California. The school was built in 1992 on 10 acres of land on the east side of the Palmdale School District. Mesquite is a Title I school with approximately 99% of the students on free or reduced rate lunch.

2022-23 School Overview

At Mesquite Elementary, equity and access are non-negotiables. Several specialized programs are in place to serve the diverse population at Mesquite Elementary School. Mesquite operates under our SPSA (School Plan for Student Achievement). The SPSA has five goals for the following areas: Mathematics, English Language Arts (ELA), English Learners, School Environment, and Parent Engagement. SPSA assists in guiding our instructional-learning program in the areas of General Education Core Content (Mathematics, ELA, Science, Social Studies), Special Education, ELD (English Language Development), GATE (Gifted and Talented Education), Social-Emotional Learning, Technology, Physical Education, VAPA (Visual and Performing Arts), and Student Engagement. Additionally, the SPSA provide funding of various components of our instructional learning program through the allocation of Title I and LCAP (Local Control Accountability Plan), funds. Title I funds are Federal funds based upon students who qualify for free and reduced meal program. LCAP funds are State funds based upon three factors: 1) students who qualify for free and reduced meal program, 2) students who are designated as English learners, and students who are designated as foster youth.

Technology is used to leverage instruction and learning here at Mesquite. It is one of the avenues through which teachers connect with their students, professional content, resources, and systems thereby improving their instruction while personalizing learning. A wide variety of technological resources are available to Mesquite staff and students. For example, every classroom has a Promethean which is an interactive, high definition, big-screen display/monitor, as well as a built in sound amplification system. Classrooms are also equipped with an all-in-one teacher computer workstation and black toner laser printer. Grade level lead teachers have a laser color printer that serves as a hub for their grade level. Students in grades 1-5 have 1:1 Chromebook devices while TK-K grade students have 1:1 iPads. Our library is also equipped with a Promethean and handheld devices (i.e., iPads) for student use. The administration and front offices are fully equipped as well. Finally, we have robotic technology (Spheros and Cubelets) to assist students in learning robotics and coding. Staff and students have access to our Makerspace for hands-on learning where they can create, collaborate, problem solve, and further develop their social skills, higher order thinking, mental rigor, and talents.

Social-emotional learning (SEL) is a component of our instructional-learning program. At Mesquite, we have two dedicated staff members, a SELS (social emotional learning specialist) and a student interventionist, to provide students and staff with social-emotional learning support. SEL curriculum includes Second Step and Quaver SEL. Mesquite has implemented a school-wide PBIS (Positive Behavioral Interventions and Supports) which includes Best Behavior Expectations. Capturing Kids' Hearts (CKH) components are embedded throughout our school. For example, students are greeted daily, Good Things are shared every morning, and students are launched with an inspirational message at dismissal. Additionally, the 9 CKH Leadworthy Character Traits are taught, implemented, and positively reinforced. Student incentives are used to positively reinforce student behavior, academic achievement, attendance, and the CKH Leadworthy Character Traits. Mesquite is a California bronze level PBIS school and a CKH National Showcase School!

Software programs at the school include Accelerated Reader (AR), Footsteps2Brilliance (F2B), Zearn Math, and Mystery Science. Our library book collection is continually updated to provide students with current and high-interest reading books. Additionally, students can register for eBooks that they can download and read on their technology devices. AVID (Advancement Via Individual Determination) is a school-wide program that is dedicated to closing the achievement gap by preparing all students for college and other post-secondary opportunities. Our AVID program features an organization continuum that provides TK-5 students with a proven method of organization.

The Mesquite campus follows District, County, State, and Federal guidelines for health and safety. The RAPTOR Technology software is utilized for all campus visitors. All classrooms and office areas feature in-duct special air filtration systems and air purifiers. We continue to implement Los Angeles County Department of Public Health (LACDPH) guidelines and safety procedures. Personal Protective Equipment (PPE) and hand sanitizer are available in all classrooms and office areas.

Mesquite School strives to provide a welcoming environment that encourages community and parental involvement in its many and varied programs and services. Parents are encouraged to volunteer in classrooms, act as chaperones on field trips, and to participate in parent workshops, family nights, parent meetings, and parent-teacher conferences. Mesquite School has established an English Language Advisory Committee (ELAC), African-American Parent Advisory Committee (AAPAC), a Gifted and Talented Education (GATE) Advisory Committee, and a School Site Council (SSC) that works to provide added support and direction to Mesquite students, parents, and staff. The SSC is actively involved in the decision making processes that affect the instructional and learning program for Mesquite. Monthly Principal & Parent Breakfasts are held where parents can learn more about Mesquite, participate in learning about community resources, learn how to support their children, and give input to assist school staff in improving Mesquite. Mesquite provides students with Extended Learning Opportunities (ELO), which are after school classes, in math and English language arts to provide remediation and enrichment. Targeted student groups for ELO classes are at-promise (previously at-risk), English Learners, foster youth and homeless, and socioeconomically disadvantaged students. At Mesquite, Spanish translators are provided on-site for parents in need of those services. Additionally, our parents and community members may also volunteer to teach after-school enrichment programs

2022-23 School Overview

such as Folklorico dance, Chess Club, choir, art, music, leadership, and sports. Parent and community member volunteering is subject to District, County, State, and Federal health and safety guidelines.

Mesquite is committed to a Cycle of Inquiry approach (i.e., Analyze evidence, Determine a focus, Implement & support, and Analyze impact) to meet the academic and socio-emotional needs of our students. The Circle of Inquiry is a key strategy for continuous improvement and its application is also extended to problem-solve in other areas. Mesquite teachers meet frequently in Professional Learning Communities (PLCs) within and across grade levels to plan, discuss, coordinate instruction, as well as analyze student assessment data and work samples/artifacts. Parent input and feedback are also taken into consideration. Professional learning opportunities are provided by District and site staff as well as outside agencies. All our teachers have been trained in Capturing Kids' Hearts which focuses on building and fostering healthy student-staff relationships.

At Mesquite, students participate in semester awards assemblies that recognize their academic achievement, good citizenship, and perfect attendance to mention a few. For example, each month, a Kiwanis Citizen of the Month is recognized for exemplary citizenship and the award is presented to the student in a ceremony at the District Office. Additionally, a student is selected monthly from each classroom to receive the classroom Student of the Month Award and, on a weekly basis, students are selected for the Mountain Lion Award for demonstrating qualities of based upon the 9 CKH Leadworthy Character Traits and our school's Best Behavior criteria.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We have an extensive playground and grass area with a shade structure for student use during recess, lunch, and P.E. A priority at Mesquite is to provide a safe, secure, and clean environment for learning. A weekly check of our playground facilities is completed by the lead noon duty/campus assistants and assistant principal. Our custodial staff performs checks and basic cleaning operations in classrooms, bathrooms, and other school facilities each day. It is our policy to maintain our classrooms and restrooms in a clean and orderly manner on a daily basis with the support of the day and evening custodial staff. Our staff monitors the hallways, restrooms, and other common areas on a regular basis. The district policy is to make necessary repairs as quickly as possible to keep the facilities in a safe and working condition. A work order process is in place to assist in providing these services.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	21	N/A	29	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

For any 2020–21 data cells with N/T values indicate that this school did not test students using the CAASPP for Science.

2021-22 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Mesquite Elementary School encourages our parents and community members to be engaged and interested in the operation of our school. Mesquite has a PCL (parent-community liaison) who assists with getting parents and community members engaged with school activities, committees, workshops, etc. The PCL manages our Parent Center which is where our parent committees meet, workshops are held, and parent resources are maintained.

Mesquite School has an active School Site Council (SSC), English Learners Advisory Committee (ELAC), African-American Parent Advisory Committee (AAPAC), and Gifted and Talented (GATE) Parent Advisory Committee which meet regularly. These important parent groups assist in Mesquite's effort to provide effective educational programs while encouraging the engagement and support of parents. Additional parent forums such as Title I Meetings, Grade Level Family Nights, parent workshops, and monthly Principal & Parent Breakfasts are offered throughout the school year. Parents and community members volunteer in the classrooms in various capacities: prepare learning materials at home, compile instructional materials in our workroom and/or parent center, chaperone on field trips, and instruct in many of our after school enrichment classes. The District parent communication platform, ParentSquare, helps to better facilitate communication with parents and guardians. We are currently trying to form either a PTO (Parent-Teacher Organization) or PTA (Parent-Teacher Association) for additional parent and staff involvement.

The Mesquite campus follows District, County, State, and Federal guidelines for health and safety. The RAPTOR Technology software is utilized for all campus visitors. All classrooms and office areas feature in-duct special air filtration systems and air purifiers. We continue to implement Los Angeles County Department of Public Health (LACDPH) guidelines and safety procedures. Personal Protective Equipment (PPE) and hand sanitizer are available in all classrooms and office areas. Parent committee meetings and workshops are held on campus with some meetings held in a blended (in-person and online) format.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	1.77	4.30	2.45
Expulsions	0.00	0.06	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Mesquite School has developed a comprehensive Safety/Disaster Plan that complies with the California Education Code and using guidelines from the Office of Emergency Management (state and federal). The plan includes disaster preparedness procedures. Emergency drills such as earthquake preparedness are routinely held and we participate in the yearly California Great Shakeout earthquake emergency drill. Fire-, lockout-, and lockdown-drills are also held routinely. Our school follows the ALICE (Alert, Lockdown, Inform, Counter, Evacuate) guidelines for active shooters on campus and we have a yearly ALICE emergency drill. Like other schools in the District, Mesquite now uses the Crisis Go platform for emergency preparedness. The platform grants quick access to emergency response procedures and can quickly report emergencies, alert others, call for help, and maintains connectedness during a crisis. All entrances to the school, with the exception of the front office, remain locked during school hours. Supervisory staff is clearly identified and all visitors are required to check in with the office. Student drop-off and pick-up areas along with crosswalks are supervised before and after school.

The Mesquite campus follows District, County, State, and Federal guidelines for health and safety. The RAPTOR Technology software is utilized for all campus visitors. All classrooms and office areas feature in-duct special air filtration systems and air purifiers. We continue to implement Los Angeles County Department of Public Health (LACDPH) guidelines and safety procedures. Personal Protective Equipment (PPE) and hand sanitizer are available in all classrooms and office areas. The assistant principal facilitates school safety meetings and is also a member of the District Safety Committee. The school safety plan was last updated on March 2022 and will be updated for the 2022-2023 school year in January 2023.

2021-22 Types of Services Funded

At Mesquite Elementary School, equity and access are non-negotiables. Each year, Mesquite allocates a portion of its budget to purchase additional supplemental instructional materials and personnel. Community involvement through donations assists with supplemental instructional materials. Expenditure on supplemental learning materials provides each child with an abundance of materials which includes: math manipulatives, classroom and library literature collections, science kits, art supplies, technology software and hardware programs, etc. Additionally, Mesquite allocates funds for personnel to give our students music instruction (Music teacher), social emotional learning (student interventionist), learning support (instructional assistants), and safety (noon duties/campus assistants). Our library literature collection is continually updated to provide students with current and high-interest reading books. Student incentives are used to positively reinforce student behavior, academic achievement, attendance, and the CKH Leadworthy Character Traits. Funds also are allocated for our schoolwide AVID (Advancement Via Individual Determination) and SEL (Social Emotional Learning) programs to purchase items to benefit our students.

Mesquite operates under our SPSA (School Plan for Student Achievement). The SPSA has five goals for the following areas: Mathematics, English Language Arts (ELA), English Learners, School Environment, and Parent Engagement. SPSA assists in guiding our instructional-learning program in the areas of General Education Core Content (Mathematics, ELA, Science, Social Studies), Special Education, ELD (English Language Development), GATE (Gifted and Talented Education), Social-Emotional Learning, Technology, Physical Education, VAPA (Visual and Performing Arts), and Student Engagement. Additionally, the SPSA provide funding of various components of our instructional learning program through the allocation of Title I and LCAP (Local Control Accountability Plan), funds. Title I funds are Federal funds based upon students who qualify for free and reduced meal program. LCAP funds are State funds based upon three factors: 1) students who qualify for free and reduced meal program, 2) students who are designated as English learners, and students who are designated as foster youth.

Technology is used to leverage instruction and learning here at Mesquite and our technology program is a source of pride at our school. It is one of the avenues through which teachers connect with their students, professional content, resources, and systems thereby improving their instruction while personalizing learning. A wide variety of technological resources are available to Mesquite staff and students. For example, every classroom has a Promethean which is an interactive, high definition, big-screen display/monitor, as well as a built in sound amplification system. Classrooms are also equipped with an all-in-one teacher computer workstation and black toner laser printer. Grade level lead teachers have a laser color printer that serves as a hub for their grade level. Students in grades 1-5 have 1:1 Chromebook devices while TK-K grade students have 1:1 iPads. Our library is also equipped with a Promethean and handheld devices (i.e., iPads) for student use. The administration and front offices are fully equipped as well. Software programs at the school include Accelerated Reader (AR), Footsteps2Brilliance (F2B), Zearn Math, and Mystery Science. Additionally, students can register for eBooks that they can download and read on their technology devices. Finally, we have robotic technology (Spheros and Cubelets) to assist students in learning robotics and coding. Staff and students have access to our Makerspace for hands-on learning where they can create, collaborate, problem solve, and further develop their social skills, higher order thinking, mental rigor, and talents.

Professional Development

Professional learning (PL) sessions focus on teaching strategies associated with specific curriculum content that support teacher learning within teachers' classroom contexts. Student achievement data and responses from the teacher surveys taken at the end of the previous school year were used to identify reading instruction as an area of need. Aspects of school climate and culture are also focus areas for professional development. PL usually occur after school. PL formats include workshops, conference attendance, and individual mentoring and coaching. Teachers meet frequently (horizontally and vertically) in professional learning communities to analyze data, plan lessons, share best practices, as well as coordinate intervention, remediation, and enrichment activities. Support for teachers during implementation is provided through coaching and expert support, professional learning community affiliations, and built-in time for think about, receive input on and make adjustments to practice by facilitating reflection and soliciting feedback. Students and staff have social emotional needs and their are support systems available at the site and District level. Additionally, professional learning has been provided in the areas of positive and proactive relationship building, trauma-informed practices, social emotional support, and equity.

Mesquite is collaborating with Collaborative Educational Practice, an educational consulting company, to improve our instruction-learning program. Possible conferences for staff and parents include the following: Mini-CABE, CABE, CAAASA, PLC+, CUE, CAG, and AVID.
