2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Palmdale School District Mission

The mission of the Palmdale School District is to implement our vision with actions and services targeted to students, parents, and staff so our students can live their lives to their full potential.

Palmdale School District Vision

Every Student Leaves Ready for Success in High School and Beyond: College, Career, and the Global World.

School Mission

The mission of Los Amigos School is that through dual-language instruction, students achieve academic success, develop a positive self-image, and attain cross-cultural understanding. Language, culture, and heritage are preserved and respected. Children are taught to value the differences that make them unique, and to strengthen the commonalities that draw them together. They come as speakers of different languages, often unable to sufficiently communicate with one another. Through intentional group learning and study, they grow together and learn to produce in two languages.

School Vision

The vision for Los Amigos Dual Immersion School is to prepare all of our students to be 21st century global citizens who are bilingual/biliterate, high achievers with an appreciation for multiculturalism. We will do so by providing a rigorous curriculum.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We take pride in keeping our school grounds and buildings maintained. It is our policy to maintain our classrooms and restrooms in a clean and orderly manner with the support of the day and evening custodial staff. Restrooms are cleaned at least once per day but are checked frequently throughout the day to maintain proper supplies and cleanliness. The district makes necessary repairs as quickly as possible to keep the facilities in a safe and working condition. A work order process is in place to assist in providing these services.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	54	N/A	29	N/A	47
Mathematics (grades 3-8 and 11)	N/A	32	N/A	14	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and community members actively participate in the various committees that plan, implement, and evaluate the curricular programs. Los Amigos has the following committees: School Site Council, Parent Teacher Association, English Learner Advisory Committee, and an African American Advisory Council.

There are many events that are scheduled for parents and families to attend: Back-To-School Night to acquaint parents with the instructional program. Parent Conferences twice per year to determine needs, set goals, and assess student progress. Families are invited to attend association PTA meetings, PTA school events, multicultural events throughout the District, Breakfast with the Superintendent, and Coffee with the Principal. Parents are invited to participate in the Family Literacy Project, Dual Language Workshops, nutrition, bully, healthcare, and homework resources. Grade-level family nights are scheduled once a year to engage families and support parents with math workshops, literacy, and Science. Mrs. Perez, the school psychologist, and Mr. Cole, the school counselor, invite parents to parents in social-emotional workshops. Los Amigos' goal is for parents to participate in many events throughout the year. Parents are invited to all district and school events via our parent communication portal, Parent Square.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.30	4.30	2.45
Expulsions	0.00	0.06	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The school staff received a copy of the Los Amigos Safe School Plan and the Site Emergency Preparedness Plan. This plan was last updated in October 2022. In addition, under the administrative team, Dr. Diaz, Mr. Gonzalez, and the school site safety committee meet monthly to discuss and make decisions regarding strategies to improve the safety of the school, students, staff, and families.

All staff members are required to become familiar with the plan and their particular duties in case of an emergency. This plan is reviewed and updated annually. Furthermore, all staff follows the "Standard Response Protocol" plan, which informs our staff on how to proceed in an emergency. The "Standard Response Protocol" signage is located in the classrooms, hallways, and around the school site.

Los Amigos has monthly fire drills, and we cycle through various emergency scenarios such as hold, secure, lock-down, evacuate, and shelter drills. Our school site is equipped with cameras locked gates and is alarmed to deter any break-ins and/or thefts, and a defibrillator has been placed in the cafeteria. Closed Campus policy is strictly enforced.

Currently, we follow CDC and California Health Department COVID protocols. Signage and procedures have been implemented throughout the school. Along with the health aide, the district nurse and administration follow the COVID quarantine when students test positive for COVID. An isolation room has also been created to provide another layer of support for anyone displaying COVID-19-related symptoms. PPE has been placed at different locations around the campus, and signage with reminders to wear a mask, stay at an appropriate distance, and wash hands.

2021-22 Types of Services Funded

Los Amigos offers multi-tiered systems of support through grade-level Academies, targeted instructional intervention with the Learning Support Teacher, retired teacher, and instructional aides, and after-school academic tutoring. Teachers review students' data monthly during the grade-level professional learning community to inform instruction and guide intervention. Teachers also collaborate on lesson planning both on-site and district level. With the support of Amy Bryant, the school leadership team is working on the school site implementation plan for both math and language arts.

Los Amigos GATE students receive a differentiated curriculum according to students' GATE IGP's determined through collaborative goal-setting efforts involving the student, parent, and teacher. We also offer Pathway to Biliteracy to 5th and 8th-grade students who have met the criteria of the Pathway to Biliteracy Attainment, affirming a positive attitude toward being bilingual and demonstrating progress toward advanced levels of knowledge and proficiency in Spanish and English. The district also offers Dual Site Collaborative Meetings and Spanish-Lead meetings to support the Dual Immersion Programs.

Title one funding provides additional educational opportunities for students and materials school-wide, including materials related to AVID, such as planners, binders, and other essential school supplies.

In addition, we have two resource specialists, two special day class teachers, an adaptive PE teacher, a speech therapist, a school psychologist, kindergarten aides, and special education aides that support children with special needs.

Professional Development

For 2022-2023, the three academic foci are Teaching for Biliteracy, Teacher Clarity, and mathematics standards. All grade levels (Kindergarten to eighth grade) are implementing Teaching for Biliteracy Units. Teachers meet within their grade levels to design lessons focusing on language arts (both in Spanish and English), science, and social studies. For Teacher Clarity, teachers participate in staff meetings and conferences to deepen their understanding of learning grade-level standards, learning progressions, learning intentions, and success criteria. For the mathematical standards, the school site leadership and the math teachers are working in vertical alignment with the core standards from kindergarten to eighth grade.

Sites design specific professional development based on academic content standards, the California Standards for the Teaching Profession, and research-based practices. Teachers are invited to participate in district professional learning, such as Getting Ready Right, Mastery Guides, Math Project, Eduprotocols Training, Scaffolding and Differentiating Instruction with Newsela, and Supporting English Language Learners. In addition, teachers attend the summer PSD Professional Learning days focusing on Culture, Teaching for Biliteracy, Unconscious Bias, and Safe and Civil.

Teachers continue to meet weekly within their grade level. In addition, teachers attend collaboration meetings with other Dual Immersion schools to help support, create and go over the curriculum, data, and plan lessons based on standards and learning skills that best fit the needs of students within Dual Immersion.

Additionally, the school leadership team meets monthly to engage in the cycle of inquiry to refine our school implementation plan and focus. Conference and convention attendance (AVID, CAFE), in-service meetings and staff collaboration, and vertical articulation offer additional opportunities for professional growth. Teachers observe others as professionals, engage in peer coaching and work with mentors and grade-level or departmental colleagues.
